Practical activities really good. Examples of handwriting excellent.	Its hard to listen over noise! Eg people in the Kitchen!
Great examples with teachers on hand to explain different terms.	Little bit earlier?
Good to see examples, try out activities the children do.	
Good to see examples and have glossary to help at home.	
The entire workshop and the exercises.	
They enjoyed this very much. Lovely to see examples of the children's work. Good to have teachers there too.
