

Curriculum Knowledge Organiser

Summer Term 1

I could know...

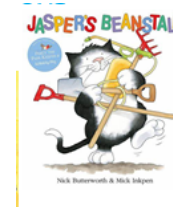

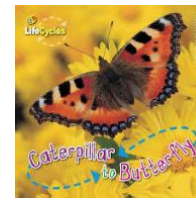

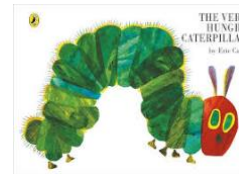

Growing

Implementation - Our Sticky Knowledge Aims:

- I could know that a plant needs sunlight, soil and water to grow healthily
- I could know at least 3 foods which are healthy choices

Exciting Books:

Key Questions:

What does a seed need to grow healthily?
How can we be healthy?

Key Words:

Grow Seed Fruit Vegetable

Activities you can enjoy at home:

- Continue to share your child's favourite stories together or read stories related to our current topic.
- Walking outside and talking about how plants look different e.g. shape of leaves or colour of flowers
- Sorting foods into fruit and vegetables and trying some new foods
- Exercising and talking about how to be healthy e.g. toothbrushing, eating healthily, limited screen time
